Public opinion here is opposed to Hartmann's surrender, and the officials are delaying action in the matter in order to find ground for refusing the demand for his extradition without wounding Russia's susceptibilities.

The Agricultural Bureau.

Somebody is writing to the *Farmer and Mechanic* putting in a plea for a "North Carolinian to fill the vacancy caused by the resignation of the State chemist, Dr. Ledoux." He ought rather to have commended the vacancy to be continued. Let us cut off these expensive barnacles as rapidly as possible. It is not a necessity, and poor debtors as we are, have no right to indulge in luxuries. We lived and thrived without it.—*Tarboro Southerner.*

A solid truth, brother Battle, a solid truth.—*Durham Plant.*

At the end of another month, the *fourth* year of the existence of the Department of Agriculture will begin: The Agricultural and Geological Bureau together have spent about $77,000 during the past three years. We do not favor the abolition of either, but couldn't we manage to regenerate and rejuvenate our "material interests" on a cheaper plan?—*Farmer and Mechanic.*

Different Views of Mr. Tilden's Candidacy.

The *Albany Evening Times*, does not think that any reconciliation which might take place between Mr. Tilden and Mr. Kelly would serve to make Mr. Tilden available as a candidate for President.

"If," says the *Times*, "it should please Heaven to remove John Kelly from this world to-morrow, it would make no difference so far as Mr. Tilden's political prospects are concerned. Nay, more, if Mr. Kelly should suddenly be transformed from an opponent into a partisan of Tilden, even that would not make it possible to elect Tilden to the Presidency. Wherever Mr. Kelly may be found when election day comes, there are one hundred thousand Democrats in this State who will never again vote for Samuel J. Tilden."

If this estimate of the opposition to Mr. Tilden within the ranks of the Democratic party in his own State is correct, it could be no possible advantage to Mr. Tilden to run, while it would be fatal to his party to nominate him. The vital question recurs: *Is it correct?*

On this point we should be glad to receive a great deal more information than we possess.

Other journals take a different view of the approaching contest, holding that Mr. Tilden is the only proper and natural representative of the Democratic party, and that thousands burn to right a wrong in his name who would not rally under any other standard bearer.

We are content to let Democratic delegates, uninstructed, from all parts of the country, settle this matter in a National Democratic Convention. Let the judgment of the majority govern.

The Sale of the Rudisill Mine.

Charlotte Observer.

The sale of the Rudisill mine has at last been made and at a good round price. The purchasers are Boston and New York parties, and are very strong capitalists, and H. W. Clark, who has made the purchase, assures us that the mine will now be worked in the most thorough manner with all the improved machinery, and sinking will begin at once. The work will be conducted under the efficient management of W. J. Smart. The company is a stock one, and we are informed the stock has been in such demand on subscription that the sale of it had to be stopped. The success of the Rudisill is now beyond a doubt, for with its present machinery it is more than paying expenses.

CONGRESSIONAL CHAT.

YESTERDAY'S PROCEEDINGS OF THE 46TH CONGRESS.

Congressional Financial Legislation ---The Cost of Congresional Documents---Nominations, &c.

By Telegraph to the News.

SENATE.

WASHINGTON, D. C., February 27.—Senator Cameron, of Wisconsin, presented a joint resolution of the Wisconsin Legislature, deprecating any financial legislation by Congress as likely to endanger the prosperity of the country.

Senator Jonas presented a petition of the owners of the steamboats plying on the Mississippi river, reciting that they had to suffer great inconveniece and pecuniary loss by the desertion of the crews or parts of crews. The passengers, and mails and cotton shipments are thus disastrously delayed. The prosperity of a large part of the southwestern people depends on the regularity of this commerce. The only penalty now laid on such desertion is forfeiture of the wages, and even this cannot always be enforced. Legislation to remedy this evil by compelling the hands to abide by their contracts is prayed for.

Senator Anthony from the committee on printing reported favorably on the House joint resolution authorizing the public printer to furnish all applicants with copies of the bills, reports and other public documents hereafter printed by order of Congress, and distributed from the document rooms on such applicants paying the cost of such printing with ten per cent add.

The resolution was read the third time and passed.

Senator Jones, of Florida, from the Committee on public buildings and grounds reported, with an amendment, the bill for the erection of a public building at Montgomery, Ala.; placed on the calendar.

On motion of Senator Voorhees, the bill admitting free of duty clothing and and other charitable contributions from abroad for the relief of colored emigrants in Kansas, was taken up and passed.

On motion of Senator Bailey, it was agreed that on Monday next the bill to establish an educational fund and apply a portion of the proceeds of public lands to public education, and to provide for a more complete endowment and support of national colleges, for the advancement of scientific and industrial education, was made a special order.

Senator Gordon entered a motion to reconsider the vote by which the bill for the relief of the city of Macon was indefinitely postponed.

The morning hour having expired, the Senate resumed the consideration of the five per cent. bill. The question being on Senator Edmunds' motion to reconsider the vote by which the bill was indefinitely postponed.

Senator McDonald then moved that the further consideration of the motion be postponed until April first, next, he desired further time to be allowed for the investigation of the question. After a spirited discussion in which Senators Edmunds, Jones, of Florida, Teller, Kirkwood, Hoar, Thurman, Plumb and Allison participated.

Senator Morgan said he hoped the bill would be postponed until the next session.

Senator Edmunds moved to lay his motion on the table, which was lost. The question recurring to Senator Edmunds' motion to indefinitely postpone his motion to reconsider, that was also defeated, yeas 20; nays 32.

Motion that Senator McDonald's motion to reconsider was postponed until next December.

Senator Randolph moved to take up the bill for the relief of Fitz-John Porter but consented to lay the bill aside temporarily, and on Monday to enable the House to speak on the Geneva award bill.

Adjourned till Monday.

HOUSE.

After having transacted some miscellaneous business, the House at 12:30 o'clock, proceeded to the consideration of private bills.

At the expiration of the morning hour, the House went into Committee of the Whole on the revision of the Rules. The amendment to Rule 28, offered by Mr. Frye, was adopted providing that it shall be in order to suspend the Rules on the first and third Monday only of every month, instead of on every Monday as at present.

The rule provides the preference being given on the first Monday to individuals, and on the third Monday to committees.

Mr. Williams, of Wisconsin, offered an amendment to rule 29 so as to require the House members of the Conference Committees to append to their conference report on the explanation of points in the controversy; adopted.

An amendment was adopted changing, in some particulars, the present method of drawing for seats

At the beginning of Congress an amendment was also adopted reducing the fees of witnesses before committees from three dollars to two dollars a day.

No further amendmendts were offered until the last of the rules was disposed of and that stage of the proceedings was attended to with hand-clapping and other demonstrations of gratification

Several amendments merely of a verbal character were afterward made and agreed to when the committee reported the rules to the House and notice was given by Mr. Blackburn that he would ask the final action upon them next Tuesday.

Adjourned till Monday.

Moderating.

Charlotte Democrat.

The few newspapers and others who not long ago abused Col. Walter Clark, of Raleigh, and others in the State, who expressed the opinion that no more taxes should be levied for building the Western North Carolina railroad, and that the road should be sold to private individdals who would build it, have *moderated* in tone considerably within the past two weeks. That is all right. We all mean right when we find out what is right. But somebody should take back some of the abuse of Col. Walter Clark and what is known as the "Mud-Cat" Circular, whom and which showed the people of North Carolina that they could never complete the Western North Carolina railroad by taxation. We are always in favor of fair play.

Although we have opposed further State appropriations to the road, and favored its sale, if it is found out (on investigation) that the proposition to purchase it is not all right, we are ready to oppose the sale, stop the work at Ashville, and do the best we can with the concern hereafter.

Interesting Statistics for Tax-Payers.

Farmer and Mechanic.

Dr. Samuel L. Love, whom we all enjoy seeing again in his accustomed haunts, has remembered us with a copy of his annual Report for the fiscal year ending Sept. 30th, 1879. It is a book of dry facts and figures, but these things ought to be considered by the masses. They are apt to come home to every good citizen once a year or oftener in the shape of the tax collector, with his saddle bags on his arm. Let us glance at a few items. The receipts on the year were as follows:

Educational Fund, $5,269.65½; Public Fund, $553,339.95; Total, $468 609,60. The expenditures ran to $577,658 for the Public Fund, and $4.674 for the Educational Fund. But there was a balance of $118,783 from the previous year. Among the items of expenses were $20,953,49 for the ornamental institution the Department of Agriculture; $2,870,-00 for that invaluable institution, the Geological Survey; $135.50 for the other undocomp without able institution, the Board of Internal Improvements; $1,125,40 for runaway fugitives "from justice;" $1,800 appropriation for Engraving Bonds; University, $7,500; interest on the Western N. C. Railroad bonds, $58,750,00; Oxford orphans $3,000; Public Printing, $12,109,12; State Library, $972.72; Capitol Square, $891.56; convicts, $8,959.17; penitentiary, $110,604 46. and small "contingencies" *only* $19,137.25.

Under the head of "Fugitives from Justice" are interesting items of lawyers fees, as follows:

T P Devereux, for legal services in case of State vs Swepson and Littlefield, $500 in April, $100 in June, $150 in July, (expenses for going to Florida to catch Littlefield,) $60 in August for ditto. Gilham and Gatling for legal services in same case, $500; Major A M Lewis, for services in same case, $600. Captain J W Lee, as messenger to catch Littlefield, $200 in May, $9 in September; E W Thompson for same service, $60; R N Mitchell, $30 G M Roberts, of Asheville, and F W Patten, witnesses in same case, $59,20; E W Herndon, of Asheville, two transcripts, $11.30; telegrams from Florida in the Littlefield and Swepson case, $105,00 (this exclusive of $30.30 for telegrams sent and received in May; $117,75 in June; and $59,86 in July; total, $314,94 worth of telegraphing in three months.) J M Alexander, expenses to New York and New Jersey, to catch Littlefield, $250; Hartridge & Cahoon, Florida lawyers, $50 for legal services in trying to catch Littlefield. And, ding it, the slippery scallawag always managed to "carpetbag it" just a little out of the way, after all the legal talk and telegraphing. (Query: wonder if telegraph wires ever *leak?*) But let us look farther. Battle & Mordecai, legal services in the Swazey case, $250; Moore and Gatling in same case, $250. (Won't it be nice when the State get's rid of its interest in all the so-called "State railroads," and will no longer need to pay big fees for such suits?)

There are some other curious items of disbursements, but we do not know that it is worth while speaking of them.

The Heathen Chinese Troubles.

SAN FRANCISCO, Feb. 26.—Many persons who have been supporters of the anti-Chinese movement, but whose business interests have been seriously injured by a reactionary effect of the serious agitation in this city, as well as others, frequently express the sentiment that rather than suffer a continuance of the evil results of a protracted agitation, it would be better to have it out at once and for all, and the sooner the better. The leaders of the working men evidently have no desire to precipitate a conflict, and their action yesterday indicates that their policy is rather to keep the agitation just at such a point as falls short of violence, yet it is sufficiently threatening to induce acquiescence in their desires.

This line of action is dangerous in view of the excited state of the public mind, and may result in provoking the other side into some action that will bring about a collision. Indeed, perhaps, that is at present the greatest source of danger. The Ninth Ward Workingman's Protective Club met last evening and organized a military company, twenty-two men signing the roll. Some very hot speeches were made.

At the meeting of the ward presidents yesterday afternoon, sheriff Desmond was elected by the working men, who signified his intention to support them in their movement. The ward presidents recommended that their seven clubs hold executive sessions to consider the pending question, and pledged their entire party to support the mayor and the authorities in carrying out the law.

The Eleventh Ward Club, which was the theatre of Kearney's extraordinary oratorical effort Tuesday night, met last evening again, but with closed doors. Around police headquarters everything is profoundly quiet, and there is no unusual force on duty.

The ward presidents, Mayor Calloch and other agitators, held a meeting at their headquarters yesterday and passed a series of resolutions to increase the police force and efforts are making to resist the execution of the demolition of Chinatown. The resolutions give notice that on the perpetration of any outrage upon the workingman's party, or the employment of a force to interfere with the peaceful abatement of the Chinatown nuisance, we are ready to assert and maintain our rights, and will visit upon those interfering, punishment so swift and terrible that the readers of history will shudder at the record. Mayor Kalloch approved of the resolutions, but recommends the cessation of processions for a few days, as they will interfere with the plans for providing work for the unemployed.

The Chamber of Commerce has decided to raise to funds employ several hundred men of Seawall at one dollar per day.

The Two Prime Contestants.

Boston Post (Dem.).

According to the present outlook, Grant and the bayonet, or Democracy and a free ballot are the two prime contestants for popular favor at the ensuing election.

Too Much of One Good Thing.

New Orleans Times (Dem.).

If Mr. Key should be gently but suddenly removed from his seat in the Cabinet, the country would bear the shock with amazing fortitude. Give us a little less reconciliation and a little more reform.

Booms for Hancock.

Brooklyn Eagle.

If the leaders of one of our two great parties desire to provoke a political contest to test the ability of the people to maintain in peace the institutions they preserved through war, General Winfield Scott Hancock would be perhaps as good a leader as they could rally around.

Thousands who Cannot be Dragooned for Grant.

Cincinnati Commercial.

The fact cannot be got rid of that there are hundreds of thousands of intelligent American citizens who vote the Republican ticket usually who cannot be dragooned into the support of the ex-President for a third term even should he be nominated at Chicago.

CINCINNATI CONVENTION.

SOMETHING ABOUT THE DEMOCRATIC CONVENTION.

Newspaper Extracts Upon the late Decision of the Executive Committee.

Washington Post, dem.

The democratic national convention will not come to Washington, but the man who is nominated by it will.

Cincinnati Enquirer.

Now Mr. Bayard, you will have to strap on our liver pad and go to work capturing southern delegations if you expect to show up when you come to Cincinnati to enter the free-for-all.

Baltimore American.

The selection of Cincinnati means that the democracy have determined to wage a vigorous campaign in Ohio next fall, and there is not the slightest poubt that the second place on the ticket will be given to that state, whether Tilden is nominated or not. This of course disposes of Hendricks, since Mr. Tilden has declared that he will not consent to his nomination for the first place. The democrats in the many conferences they have held with each other were impelled to this conclusion relative to Ohio because they have every reason to believe that Grant cannot poll the heavy German republican vote of the state.

Louisville Dourier-Journal.

It is our fixed opinion that, with a single exception, the democratic party can elect no individual president of the United States this year but Mr. Tilden. That single exception is the candidate named by Mr. Tilden. It is our fixed opinion that we cannot maintain a ticket in the field six weeks unless it be headed or heartily supported by Mr. Tilden. We may further state, as within our positive knowledge, that Mr. Tilden does not seek the nomination, but that he is casting about for some one who may lift the burdens of the canvass from his shoulder without sacrificing the party. If he succeeds in achieving the misfortune of finding one, the party will lose rather than gain by the transfer.

On the whole the National Democratic Committee has done its work very well. In June, at least, Cincinnati is preferable to St. Louis, The Music hall of Cincinnati is, in all points, superior to the Merchants' exchange in St. Louis. The hotel accommodations of Cincinnati, like the town of Passag, are "both large and spacious." The 22d of June is a good date. And, added to these material details, comes the pleasant superstition that it was at Cincinnati that the Democratic party made its last Presidential ticket four and twenty years ago, when it nominated an old bachelor, in the person of James Buchanan, a very able, very upright, and, like Mr. Tilden, a very much abused statesman.

Cincinnati Enquirer. (Dem.)

It is not certain that the selection of Cincinnati has any political significance as to candidates. It is almost certain that this city was selected as neutral ground. This was the claim which the Cincinnati committee presented; and this is the fact. Cincinnati was not chosen because the choice was meant to indicate a preference of the National Committee for one candidate for the Presidency above another, but because it wasn't. The assurance was given that all candidates would receive fair and just treatment in Cincinnati, and that promise will be made good. Ohio has a "favorite son," and with modest loyalty to him the Ohio delegation will doubtless present his name and give him its support. Mr. Thurman is not the choice of a majority of the Democrats of Ohio, so far as the *Enquirer* interviews indicate, but he leads all the other candidates and he is clearly entitled to Ohio's support in the Cincinnati convention. Setting aside this pardonable partiality, Cincinnati will give just and equal treatment to each of the Presidential candidates.

Cincinnati Gazette (Rep.)

Will Tilden withdraw? He is not in the habit of being overridden by political opponents, but this is a personal fight on which depends the last frail hope of the Democratic party of getting possession of the Presidency. It is a contest, therefore, in which the party at large will find it necessary to take a hand. If Kelly cannot be clubbed into submission, the clubbing process must be tried on Tilden. It seems altogether likely that the claimant of '76 will have the sagacity to step aside, and content himself with naming the candidate. It is understood that Kelly will support any other Democrat who may be nominated, even though it be Tilden's candidate. Who Tilden would name can only be guessed. Late reports point to Morrison, of Illinois, who was a Union soldier, is enough of a hard money man to satisfy the east, and represents the contest that was made against the electoral commission. The name of Speaker Randall has frequently been suggested in connection with Tilden's preference, but Randall would be disabled in the convention by opposition to his own State.

Mr. Stephen's Democracy.

Savannah News,

As usual, whenever a party issue arises in the house, Mr. Stephens was found the other day speaking and voting with the republicans for the repeal of the third clause of the twenty-first rule, which gives the democrats the power and advantage the republicans enjoyed and used so unsparingly and unscrupulously during their ascendancy in the house. Mr. Stephens claims to be a Jeffersonian democrat of the strictest sect, and yet, strange to say, his democracy seems to run in a radical groove. If the country had an entire congress of such democrats as Mr. Stephens, there would be no necessity for a radical party.

Railroad Directors as Legislators.

Exchange.

Nearly a year ago we won a measure of dislike in certain quarters by complaining of railway directorships filled by members of the Legislature. No one pretends to say, or even intimate, any possibility of improper or biased action by the members. *But if the seven directors of the Western North Carolina railroad, who are members of the Legislature, were Radical in politics,* we should very likely hear numerous complaints as to their sitting in body to legislate on a matter affecting their railway offices.

Who Is Next? Is It I?

The following story points its own moral:

NEW ORLEANS, Jan. 24th, 1880.

The undersigned certifies that he held for collection for account of John Day, of Brooklyn, New York, a well known citizen of Myrtle Avenue, one-half of ticket No. 16,416, Class "A," in the Louisiana State Lottery, which drew the second capital prize of ten thousand dollars, on Tuesday, January 13th, 1880, having cost the sum of one dollar at the office of M. A. Dauphin, 316 Broadway, New York. The amount was promptly paid on presentation.

CARRIER-PIGEONS.

The Remarkable Flight of a Common Pigeon.

Richmond Dispatch.

Quite an interesting exhibition of the flight of carrier-pigeons was given in this city yesterday, by Mr. J. W. Cooper, who resides on Reservoir street, and is an extensive breeder of these sagacious birds. Ten of them were started from the American Hotel, many in an opposite direction from the residence of Mr. Cooper, but all found their way home in a few minutes.

A few days before, sixteen were taken to Petersburg and started on their aerial journey to Richmond. They all returned home very promptly, one making the trip in nineteen minutes and another in twenty minutes.

An interesting incident, and one which illustrates the sagacity and power of endurance of pigeons, occurred here a short time since. Mr. John Hall, of this city, contracted with parties in New York city for furnishing a large number of pigeons for a big shooting match to take place there. The birds were purchased in and around the city, and shipped to New York by steamer. Shortly after this one of the parties here in Richmond, from whom some of the birds were bought, was astonished at the return home of one of the pigeons he had sold Mr. Hall. The poor bird was so weak and famished that it could hardly stand, and seemed on the verge of starvation. Upon investigation it was found that the bird had certainly been sent to New York, and had most probably been the mark of a poor shot, and after a perilous journey to "a far-off country" had returned to the home of its youth, where, figurative speaking, the "fatted calf" awaited it. The bird was readily identified by unmistakable marks, and its owner would not part with it for love or money.

General Grant Not the Strongest.

New York Tribune.

It is the opinion of sagacious Republicans, and of a majority of the party, we believe, throughout the country, that the Government in the hands of some other Republican would be stronger in every essential respect, and better able to repress the dangerous tendencies in question, than it would be in charge of General Grant.

FRANKLIN.

FRANKLIN, Feb. 24.—The weather is clear, cool and bracing, and the agriculturists are busy in preparing for the coming crops.

Trade moderate, but the fertilizer sellers think it will be lively in the line soon. W. L McGhee alone expects to sell 600 tons this season, as against 340 last year.

To-day Mr. Joseph Phelps, sixteen years old, married Mrs. Malvina Parker, aged four. She has seven children.

Mrs. Elizabeth Winston Harris passed into the land of shadows last Friday. An ovarian tumor of several years growth was the cause.

Dr. Murphy, from Sandy Creek, reports the red deer as being more plentiful in his environs than rabbits. Some time since, a boy twelve years old killed one that weighed two hundred pounds. One man within the last three months has killed thirty-five. Otters are also in the vicinity, one was seen the other day a quarter of a mile from the creek. The Doctor has keys fastened to perhaps the longest tusks in the State. The two measure twelve inches.

Strange to tell, but there are three bar-rooms kept in this place by strictly temperate men, and they frequently express their regrets that some people will imbibe too freely.

Presiding Elder Wilson was present at the quarterly meeting at Wesley's chapel last Sunday. He is a much liked preacher.

Joshua Kearney has purchased the famous "Flint Hill" lot of Esquire Short. Many bids have been made for this valuable property, but Kearney got it for something less than $8,000.

Maj. John W. Moore, the author of Moore's School History of North Carolina, has been spending a few days with his son-in-law, W. L. McGhee. Howell Harrison left yesterday to visit the famous Ninety per-cent Spring, in Idaho Territory. May it act like a charm upon him.

We cannot close our report without giving that nasty cuss, odorous skunk, bedraggled, daggle-tailed, bruille-headed bugbear, and mail-attending stocah, a passing notice. Last Saturday he repeated his old trick. He obtained our mail under the pretence that he was going to deliver it to us. We have not seen it yet. Among other papers besides private correspondence, he obtained the Raleigh Daily NEWS, and the *Police News*, both good papers, and we would advise the pusillanimous "flat" to subscribe for them if he wishes to read them. If the dog will send us his photograph we will send him an illustrated paper with his picture and his traits.

GRANVILLE.

WILTON, February 24.—The prices of cotton and tobacco are inducing the planters to do all they can during the present good weather for the benefit of the future crops.

Each section has its accustomed trade for this season of the year. Business is more active at Oxford and Henderson than at any other place in the county.

Married last Thursday on horseback, and in front of Justice Allen's, Mr. William Arp and Miss Mary Hart.

Last Friday, in the seventy-third year of his age, William Harp passed instantly into that unexplored land: peace to his ashes.

The rads held a meeting at Brassfield's last Saturday to try to sift out their most available men for the coming contest. They express a determination to use all their exertions to avert a second defeat.

Last Thursday, as Justice Allen finished marrying William Arp and Mary Hart, they being seated on a single horse, he through fun told Arp to salute his bride. Arp threw his arm around her and while turning in the saddle to take the delicious kiss (she was seated behind him), the saddle girt broke and the bride-groom, bride and saddle went to mother earth in a jiffy. The happy couple fell flat on their backs, their heads striking first. The bride was senseless for some time and the groom was suffering from a confused head and sprained neck.

There will be a grand ball at Dutchville Academy to-morrow night. Colonel D. W. James, who has just arrived from Deadwood, will doubtless appreciate the courtesy.

Mr. William A. Bobbitt is doing a fine thing in the mercantile and tobacco manufacturing business about two miles west of Wilton. He is a very young man but has a wonderful business tact combined with great energy.

Prussian Officer Arrested.

PARIS, Feb. 27.—The *Moniteur* announces the arrest of a Prussian officer while taking views of Bessau redoubt. He was convicted to Phleims.

NEWSPAPER NUDGES.

ON THE ABOMINABLE PRINTING PAPER EXTORTION.

Shall the Subscription Rates be Increased or the Duty on Paper and Chemicals Removed?

San Antonio Express.

In self-defence the prices of subscription will have to be raised unless the price of white paper is reduced.

Covington Star.

This a great wrong, and Congress ought to remove the cause of the trouble at once. Printing paper and the chemicals entering into its manufacture should at least be placed upon the free list.

Canton Advance.

We are glad to see the *Constitution*, our esteemed contemporary, fighting the tax on printing paper. This is an onerous one and should be taken off—it is a direct tax on knowledge. Off with the tariff!

Hinesville Gazette.

A bill has been introduced in Congress reducing the tariff from 20 per cent to 5. It ought to become a law, so that this tax on knowledge would be removed. Our representatives in Congress should look after this matter.

Walton County Vidette.

If there is any one question on which the press of America is unanimous it is the removal of the high tariff on printing paper. That it will be done there is not a shadow of doubt. Congressmen who value their political heads dare not turn a deaf ear to this clamor.

Rome Tribune.

The paper monopolists, pampered at the expense of every man who reads newspapers, books, magazines or other publications, are collecting at Washington to defeat the bill introduced to repeal the obnoxious tariff. The Congressmen who would vote to sustain such a monopoly should be furnished with a constituency from central Africa.

Monroe County Advertiser.

We do not believe that any representative from Georgia in Congress will hesitate for one moment about voting for the removal of the tariff on white paper. When an article is indispensable for the diffusion of knowledge in the making of books and printing of papers, that article should be as cheap as possible, otherwise the tax on knowledge, as it is called, is placed directly on the people to enrich a few manufacturers of paper.

Savannah News.

It is the duty of Congress to reduce or abolish the duty on imported paper, and also on such articles as are necessary in paper making, so as to admit of competition from abroad and at the same time decrease the expense of home manufacture. A bill combining these objects has been introduced, we understand, in the House of Representatives, and it will be well for the press of the whole country to urge upon Congress the importance and necessity of its early passage. Like the iron, quinine and other American industries, which have been fostered for the benefit of the people, the protection to paper manufacturing interests in the hands of a ring, promises to be an injury instead of a benefit, and the strong hand of the law must be invoked for the protection of the buyer and consumer.

The Politicians for Grant.

New York Sun.

It is pretty clearly apparent that nothing effective can be done against Grant with the Republican politicians.

Or If So, Why?

Richmond Dispatch.

Let him be nominated, if the machine Republicans so will; but he won't be elected. Or if so, so be it. The people may want a King.

It Means Hard Money, but No Tilden.

New York World.

The choice of Cincinnati means not only a conviction on the part of the committee of the impossibility of Mr. Tilden; it means hard money as well.

Don Cameron in Dead Earnest.

Doylestown (Pa.) Democrat.

From a conversation we had with Don Cameron we are satisfied he is in dead earnest in pushing the fortunes of Grant, who will be the nominee of the Republican Convention.

The School Bill.

Farmer and Mechanic.

Now for the school bill! We presume there can be no objection to rectifying the little error of Mr. ——, but, by the way, wouldn't it be as well to begin with a committee to inquire how the little *lapsus* happened to lapse?

Raleigh Dispatch.

We understand that there will be a large excursion of the children of the State to this city on the 14th of next month to petition the Legislature to have the "school bill" signed.

He Begins to See It.

Colonel Gray, in Board of Health.

It appears to me that the real cause of the unsatisfactory condition of our streets is owing to the imbecility of this Board.

Mrs Joe Person's Remedy.

In addition to the testimonials to the valuable qualities of this medicine, to be found in another column of our paper, as an act of justice to the worthy and energetic lady who prepares it, and for the benefit of those who may need it, we take pleasure in stating that we have been, for a year past, witness of its wonderful curative properties in many cases. All who have tried it say that they have been benefitted by its use.

We have for several months used it, at times as an appetizer and tonic with great benefit. We not only had no appetite, but the sight of food was disagreeable. After using the medicine a few days we had a good appetite, relished food, and digested it well. And this has been the experience of several of our friends. But the most remarkable property of the medicine is, it is

A CURE FOR DRUNKENNESS.

A friend, living in one of the Eastern counties of this State, was using it with great benefit for an ulcer on his face. We met him, and in conversing about the medicine, jocularly remarked that it must go very hard with him to give up his whiskey, as Mrs. P. does not allow the use of it, when he replied that the medicine supplied the need and craving for stimulants, and that he not only did not feel like drinking liquor, but had an aversion to it. On inquiry, we found others who corroborated this statement. Now, if the use of this harmless medicine, concocted of our native herbs, will enable the victims of a morbid appetite to overcome their craving for drink, it will be a greater boon to the human race than any discovery of the age. We so fully believe the statement that we would urge upon all who may need it to give it a trial.—*William J. Clark, Editor Signal, Feb. 2th, 1880.*

DAILY NEWS

SATURDAY FEBRUARY, 28, 1880.

GEO. C. JORDAN, Editor and Propr

OXFORD real estate is looking up. Ditto in Chapel Hill. This is the result of their energy in working up a railroad. Can't our friends in Louisburg, Murfreesboro and Greenville follow suit.

THE difficulty of getting any definite expression of opinion on any subject out of Mr. Tilden suggests the conjecture that he is trying to be a Silent Man, too.

ONE of the most reprehensible movements of the Nihilists is their efforts to deprive the Czar's obedient children of their pap.

WHILE the New York *Tribune* was crying over the spilt lacteal fluid of Pennsylvania, and trying to save a few drops of it, the Grant men went for its own cow and drained her most successfully.

ENTERPRISING Louisburg is putting a telephone to the R. R. We would like to see the example followed by every county town, and other towns of any importance which is off the railroad. It would be of immense advantage in every day business life. Besides it would enable the NEWS the morning after an election to lay before its readers the result in every county in the State. The telephone wire is the same as that used for the telegraph, and costs only $9 or $10 per mile John A. Roeblings' Sons, Trenton, N. J., are the manufacturers, to whom parties can write for further information as to costs of the wire. The poles and putting up the wire cost little, and the telephones are to be rented. Can't our exchanges help to stip up this matter a little. It will be convenient to them about election time.

THE W. N. C. RAILROAD AGAIN.

IN the discussion of the proposed sale of the Western North Carolina Rail road, these facts should be kept constantly before the people, viz: That under the laws at present in force the State is required to furnish annually, for interest on the mortgage bonds under the Act of 1875, the sum of $59,500; for the purchase of iron and material for the construction of the road the sum of $70,000; and for the maintenance of the convicts employed upon the work, about $45,000. These sums, aggregating $174,500 each year, are raised by taxation of course, and there is at present a deficit in the treasury of the State of over $200,000. It is astonishing that very few persons, even among men ordinarily well-informed, were aware of these facts until the discussion of this matter brought them prominently into notice; and even now it is difficult for some to realize that they have been, and are bearing an annual burden by way of taxation of twelve cents upon every hundred dollars worth of property in aid of the construction of this railroad.

Two suggestions, among others, are advanced by those who are so bitterly antagonizing the sale of the road. One is that the General Assembly shall at its special session repeal the act making an annual appropriation for iron and let the road stop where it is, and Macawber-like, wait for something to turn up. The other is, that the appropriations shall be continued as they are at present until the Paint Rock branch of the road is finished, and then postpone for the present the construction of the mail line to Ducktown.

The first suggestion is so evidently ill-considered that it scarcely merits serrious attention. To adopt it would be to stop the road at Asheville, leaving it a huge monument of a State's folly; and at the same time the people will be required to continue this payment of interest upon the mortgage bonds to the tune of $59,500 per annum, until the holders of the bonds, when they become due in 1885, shall proceed to foreclose the mortgage and take possession of the road.

The other suggestion is more plausible, but equally ill-considered. It presupposes the continuance of the annual investment of $174,500 as above stated, and a blind reliance upon the possible outcome of the misty future for re-imbursement to the State for outlay. It also involves the abandonment, at least for years to come, of the building of the main line of the road. We believe in the first place that the people of North Carolina do not wish to be burdened with the amount of taxation required and now authorized by law, even for another year, if it can be avoided. We believe in the second place, that the people of North Carolina recognize the fact that the faith of the State is pledged to the completion of the main line of the road. Taxation to raise a fund sufficient to defray the necessary and legitimate expenses of the State government is to be expected, and the people do not desire to avoid it. But unnecessary and onerous taxation for the purpose of raising money for investment in an enterprise of doubtful profit, is a misuse and abuse of the taxing power. We speak now of the undertaking in a purely financial sense. When and how is the return to come for the money invested? When is Wake county to get back her annual investment of $10,886.40? New Hanover hers of $6,165.60? Wayne hers of $3,866.40? So long as it was necessary for these amounts, and other amounts from other counties, to be raised to continue the work upon the road, no complaint was heard from the tax-payers, nor shou.d any complaint now be heard if it continued to be necessary. But when the tax-payers can be relieved and *at the same time the road be built as originally designed*, then the tax-payer has a right to complain, and should complain, and *will* complain if the taxation continues.

Again, we say that it is not denied and cannot be denied that the faith of the State is pledged to the full completion of the main line to Ducktown, as well as Paint Rock branch. The State never proposed to build the road as an investment for profit, but only as an act of simple justice to its western citizens; and at no period of the history of the State would permission have been withheld from any person or any corporation who might have proposed to build the road, independent of State aid and for their own benefit. The State has never finished the road because of its inability to do so. It is as unable now to build it as at any previous period in its history. Shall it be finished or not? And if it shall, how otherwise than by its sale?

We ask those gentlemen who are antagonizing the interests of their western brethren and as we believe, the interests of the whole State, and who prate so glibly of the honor and fair fame of North Carolina, and of the disgrace that will come upon her by a sale of this road, to remember for a moment that the State is under an obligation to her people who live beyond the mountains, which cannot be avoided or evaded, and in the fulfillment of which her honor and her fair fame are closely involved. We trust that no device or art of the demagogue will serve to prevent the General Assembly from meeting the issue as the honor and interest of the State require, and as the tax-payers demand,

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily Scrofulous Ulcers and old **Salt Rheum,** Psoriasis, Tetter, **Ringworm Scald head,** Dandruff, and all **Blood** and **Skin** Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

Messrs WEEKS & POTTER: Gentlemen—I cannot refrain from adding my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have rid me of a loathsome disease. I dispensed with all physicians two years ago, believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs —— of ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 15 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA RESOLVENT as directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.

Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

MILFORD, ME., June 10, 1878.

For Sale.

Notice.

By virtue of a mortgage in my hands for collection, I will offer for sale for cash, on Saturday the 14th day of February, 1880, at the hour of 12 o'clock, one House and lot in the city of Apex, the property of W. S. Mann, adjoining the lands of G. W. Atkinsons and others to satisfy a mortgage in favor of Brinkley Barker, this the 14th day of January, 1880.

H. C. LASHLEE,

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 SAW COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One third Cash; balance on reasonable time.

SIDEWALK NOTES.

—Capitol items scarce.

—The old Masonic hall is gone.

—Spring weather with a vengeance.

—Revenue receipts yesterday were $2,670.50.

—The old Fayetteville *Gazette* has suspended.

—Hon. J. F. Graves is registered at the Yarboro.

— Nothing of importance at the Mayor's court.

—Read notice of the Sheriff to delinquent tax-payers.

—Pastors will please send in their church notices this morning.

—The grand jury of the Superior Court has been discharged for this term.

—Another feature at Lincke's hall will be the early addition of Turkish bath rooms.

—The Old North State Insurance Company yesterday made a settlement with the Secretary of State.

—The NEWS has a good set of compositors. Yesterday one of them set a whole column in which a typographical error could not be found.

—Quite a number of countrymen who are in attendance upon the Supreme Court, were "full up" and running over yesterday and last night.

—Two fine mules, a lot of boots and shoes, women's clothing, and odds and ends in great variety will be disposed of in double quick time by Magnin, auctioneer, this morning.

—The old building on west Wilmington street, in the rear of Andrews & Co., is being removed to make way for this firm's building, which is to be run through from Fayetteville to Wilmington street.

—Mr. Len. H. Adams has purchased Mr. Bingham's grocery stock. Mr. B. will, in the future, pay his entire attention to his tobacco business. He sees there is money in it here, and when he has made a snug little fortune thereat, some of the old "rip's" will wake up and take hold of the matter also.

More Convicts.

Deputy Sheriff Howard, of New Hanover, has delivered to the penitentiary authorities nine convicts—eight colored and one white: one for manslaughter, 20 years; the others all for larceny.

Unmailable Matter.

The following are held in the postoffice in this city for the reason assigned: John Walton, letter, Richmond co., N. C., no postoffice. Maj. D. G. McRae, Fayetteville, N. C., package, insufficient postage.

Superior Court.

Court opened at 10 o'clock yesterday morning. All the Justices were present.

The case of Gulley vs. Macy consumed the entire day and court adjourned 'til the usual hour, ten, this morning.

Meeting of Republican Committee.

The Republican Committee of this, 4th district, will meet in this city Wednesday next, to appoint delegates to the Chicago convention. Well, are any of Sherman's special agents to be on hand, or will they allow Grant one district, "just for spite," as it were?

St. Mary's Muse.

The February number of this handsome little magazine is before us. It is edited by the Pierian club of St. Mary's School of this city, and is published at the publication office of Uzzle & Wiley. It is interesting throughout and reflects great credit upon its editors.

Rise and Explain, "Jeems!"

The Charlotte *Observer* of yesterday says:

"It is stated that Jim Harris, on his visit here yesterday, told the colored people that since he understood that Grant was their choice, he should go tooth and toe nail for him in the convention. Why this change?

Renew Your Licenses.

Sheriff Nowell gives notice that the time for which many of the priege licenses under Schedule B., of the Revenue Act were obtained will expire on the 14th of March, and every person whose license will then run out is notified that he or she must make immediate application at his office for another license. No license valid unless countersigned by the Register of Deeds.

The Rape Case Tried.

Justice Barbee yesterday had William Furnell before him upon the charge of having committed a rape upon a fittle four-year old girl. The evidence did not sustain the charge of rape, but there was evidence sufficient to warrant the committal of the defendant, in default of a $500 bond, upon the charge of an assault with intent to commit rape. We understood, after the trial, that one of our city physicians had pronounced young Furnell insane—paralysis of the brain. If this be correct, he ought to, and doubtless will, be taken to the Asylum. This was the only case of any interest tried before the Justice yesterday.

Tucker Hall Monday Night.

Be sure and attend Tucker Hall Monday night to witness Mr. Arthur L. Butts' panoramic view of paintings illustrating the work of Revelations. It will be well worth your while. They were exhibited in Goldsboro Monday and Tuesday nights. The *Mail* says:

"A closely packed house greeted Mr. Butt at the Town Hall last night to witness his panorama of allegorical paintings. We were pleased to discover that the exhibition fully sustained the high reputation which had preceded it, for one of the paintings alone, the New Jerusalem, was worth double the price of admission. By special request Mr. Butt will repeat his exhibition to-night.

The Poisoned Family.

Mention was made a few days since of a negro girl being jailed upon the charge of having attempted to poison a family in Cedar Fork township, this county, by putting strychnine in the coffee.

We were informed yesterday that both Mr. and Mrs. Scott were still very sick, and that serious doubts are entertained of the recovery of the lady.

This negro girl is quite small and the crime is therefore the more revolting in one so young.

She will be tried at the June term of the Superior Court.

The Cow Nuisance.

If one complaint has been made of these pests by the people and the city press, ten thousand have. And yet no steps are taken to abate the nuisance of allowing cows to run at large upon the streets.

Thursday night they broke into Nash Square and destroyed a number of plants and trod upon and ruined several hot beds belonging to Mr. Fairchild.

We sincerely hope that in selecting Aldermen in May, the citizens will choose men who have a mind on this subject. It is an old phrase, but, forbearance has long since ceased to be a virtue—in this instance.

Tourgee's Fool's Errand.

A large edition of this work has just been published in England. Three editions have been almost exhausted in this country, and the Judge and his publishers, Messrs. Ford, Hulbert & Howard, are now preparing another larged and illustrated edition. And now to cap the climax, the book is to be speedily translated and published in the French and German languages. Truly, this work is having a wonderful sale, and the Judge will, perhaps, before he is through, realize more from the Fool's Errand than Mrs Beecher Stowe did from Uncle Tom's Cabin.

THE SONG OF THE "EXODUSTER.

"I'm Gwine Back Home to Die Dar."

["I'm aimin' ter git back home an' die dar!"—Green Ruffin, colored North Carolina emigrant, before the Senate exodus committee.]

BY SAM W. SMALL, "OLD SI."

I.

Yes boss, I'se bin ter de "promis' lan',"
Whar de Wahbash hunts de sea
An' dey sed dat milk an' honey flow'd
Fer all us niggers free
I sold my lan', my waggin an' hoss,

When he los' his heavy load.

Refrain:

But now I'se aimin back fer home,
Fer de lan' ob pitch and tar;
An' when I'm dar I'm gwine ter stay
Twell Gabril calls on jedgment day;
I'm gwine back home to die dar!

II.

Dar wuz col'ness in de a'r out dar,
And de folkses lo'ks dey froze us;
And de darkies die dar ebery day
From de chillin' winds dat blowesses;
Dar ain't no work to git an' do,
No pay fer what yer's done;
An' yer begs all day fer a bone to eat,
An' starves from sun to sun.

Refrain:

But now I'se aimin back fer home,
Fer de lan' ob pitch and tar;
An' when I'm dar I'm gwine ter stay
Twell Gabril calls on jedgment day;
I'm gwine back home fer ter die dar.

III.

I'm gwine back ez fast ez I kin
To de ole plantation home,
An' when I'se dar I won't leab agin,
Ter dem furrin parts ter roam;
Dar's fish in de Roanoke plenty ter eat,
Dar's rabbit an' deer fer a po'r man's meat,
An' de fox chase when you please.

Refrain:

So now I'se aimin' back fer home,
Ter de lan' ob pitch and tar;
An' when I'm dar I'm gwine ter stay
Twell Gabril calls on jedgment day;
I'se gwine back home ter die dar!

IV.

Dead Shot.

Among the large number of sportsmen in the city now but few, if any, may be called "dead shots" and the same is true of smokers, but the "dead shot" five cent cigar sold by W. C. & A. B. Stronach has been tried for years and never fails. It is therefore true to its name and only requires a trial to convince. Call for the "dead shot" and have no other.

In pregnant women it has been retained while every article of food was rejected. I can recommend it as convenient, palatable and easy of digestion."

THE NEW FRYER.

This useful invention meets a long-felt need for a more convenient method of removing Oysters, Potatoes, and other fried food, with greater quickness, and all at once, from the boiling fat in which they have been cooked, and allowing the fat to drain from them while they remain over the fire; thereby getting rid more certainly of the superfluous grease, the objection so often made of the unhealthiness of food cooked in the ordinary frying-pan is done away with.

By detaching the supporter, you have for omelettes and other things for which a drainer is not required, a deeper and better quality of frying-pan than has heretofore been made.

THE OVAL CAKE

is the most economical form of Washing Soap All bar or square cakes wear down in use to a large flat piece, too thin to handle and, therefore, wasted; while the OVAL CAKE of

COLGATE & CO'S

"NEW" SOAP can be cut in two, the oval end clasped readily in the hand, and the larger end worn down almost to a wafer without any waste. COLGATE & CO. recommend their

"NEW" SOAP

(Trade-Mark Registered) to Careful Housekeepers, not only as superior in quality, but as in form the most *economical* Soap now made.
